MIT Press Ltd, United States, 1987. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book. After Philosophy provides an excellent framework for understanding the most important strains of current philosophical work in North America, England, France, and Germany. The selections from the work of fourteen contemporary philosophers not only display the multiplicity of approaches being pursued since the breakup of any consensus on what philosophy is, but also help to clarify this proliferation of views and to spell out today's basic options for doing, or not doing, philosophy today. With a general introduction delineating what is in dispute between the different parties to the end-of-philosophy debates, brief introductions to the thought of each author, and suggestions for further reading following each selection, After Philosophy is ideally suited for use in any course that includes an overview of the bewildering variety of contemporary approaches to philosophy. The major sections and contributors are: I. The End of Philosophy. Richard Rorty Jean-Francois Lyotard, Michel Foucault, Jacques Derrida. II. The Transformation of Philosophy: Systematic Proposals. Donald Davidson, Michael Dummett, Hilary Putnam, Karl-Otto Apel, Jurgen Habermas. III. The Transformation of Philosophy: Hermeneutics, Narrative, Rhetoric. Hans-Georg Gadamer, Paul Ricoeur, Alasdair MacIntyre, Hans Blumenberg, Charles Taylor. Kenneth Baynes is currently doing postgraduate research at the University of Frankfurt. James Bohman lectures in philosophy at Boston University, and Thomas McCarthy is a professor of philosophy at Northwestern University and the editor of the MIT Press series Studies in Contemporary German Social Thought.
