Kevin Carroll takes a look at dieting not from an expert s point of view, but from a dieter s point of view. Given that, he figured there had to be a better way. Inside this short and snappy book, you ll see that The Turtle Diet is based upon the oldest, simplest, and smartest way to lose weight - slow and steady wins the race. By allowing time to play a supporting role, you can get to where you want to go if you re willing to be patient.
