The Aliens Are Coming!: The Exciting and Extraordinary Science Behind Our Search for Life in the Universe

By Ben Miller

Little, Brown Book Group, United Kingdom, 2016. Paperback. Book Condition: New. 214 x 137 mm. Language: English . Brand New Book. Discover the fascinating and cutting-edge science behind the greatest question of all: is there life beyond Earth? For millennia, we have looked up at the stars and wondered whether we are alone in the universe. In the last few years, scientists have made huge strides towards answering that question. In *The Aliens are Coming!*, comedian and bestselling science writer Ben Miller takes us on a fantastic voyage of discovery, from the beginnings of life on earth to the very latest search for alien intelligence. What soon becomes clear is that the hunt for extra-terrestrials is also an exploration of what we actually mean by life. What do you need to kickstart life? How did the teeming energy of the Big Bang end up as frogs, trees and quantity surveyors? How can evolution provide clues about alien life? What might it look like? (Probably not green and sexy, sadly.) As our probes and manned missions venture out into the solar system, and our telescopes image Earth-like planets with ever-increasing accuracy, our search for alien life has never been more exciting...
